Full of the Joys of Spring

Spring is just around the corner! It is the time of year when the world comes back to life in full and living color. Everywhere about us, something is going on. Our senses are heightened as we experience this special time within the natural world. There is singing, dancing, flying, budding and blossoming as the ground and God's creatures awaken from their winter slumber. The bright yellow daffodils and green patches of grass represent a new beginning as we welcome in warmer, brighter days with a refreshed energy. All in all, we are delighted and "full of the joys of Spring" as we welcome in this new season.

Ponderings from Pastor Bill

The last thing Jesus said before he ascended into Heaven was an instruction to make disciples of all nations. (Matthew 28:18-20) Few people exemplified this better than St. Patrick, a man who committed himself to spreading the gospel wherever he went and changed the culture around him for the better. Remember Patrick when you wear green this month.
